The University provides an academic advising system which requires each student to consult with an academic advisor prior to each registration period. In addition to developing a schedule with your advisor, you must have your WebID and password to gain access to register for classes. As a student, you bear the ultimate responsibility for making appropriate choices when scheduling classes, including schedule changes made during the drop-add period. Registering for courses without the necessary pre- and corequisites may result in your being dropped from the course.

### To Register:

Go to [my.olemiss.edu](http://my.olemiss.edu) and sign in using your Ole Miss WebID. Select the Registration workset and read the instructions shown. Follow the instructions carefully and be sure that you close your browser so that no one else may have access to your schedule.
