

THE CSSFYE ADVISOR

MESSAGE FROM THE DIRECTOR

At the Center for Student Success and First-Year Experience (CSSFYE), we are committed to helping you successfully transition from high school senior to college freshman. Therefore, our Center is able to help with any freshman issue (academic or non-academic) you may encounter during your transition to college.

The six primary units within the Center include: Academic Advising, First-Year Experience, Veteran and Military Services, Academic Support Programs, Success Coaching, and Student Persistence.

The CSSFYE offers professional advising to first-year freshmen within the School of Accountancy, School of Applied Sciences, School of Business, School of Engineering, School of Journalism, select departments within the College of Liberal Arts, and all Freshman Studies (Undeclared) students. All other freshmen will be assigned an advisor within their school/department.

Students **MUST** see their advisor at least **ONCE** every semester. During that meeting, the student and the advisor will collaborate to develop a plan of courses for the following semester, as well as address any issues pertaining to being successful during the first year.

However, at the Center for Student Success and First-Year Experience, we encourage our freshmen to contact their advisor as often as needed during the semester. Do not hesitate to contact us if we can be of assistance. Take care and Hotty Toddy!

- **Dr. Kyle Ellis, Director**
