## AND FIRST-YEAR EXPERIENCE

The Center for Student Success and First-Year Experience promotes student success through comprehensive, multifaceted, and dynamic initiatives to ensure a quality collegiate experience for our diverse student population.

### Advising Syllabus – Spring 2024

#### The role of your academic advisor:

Your academic advisor serves as a primary source of support to you as a student. They can provide guidance in course and major selection, course registration, hold removal, University policies, and many other academic related matters. In addition, advisors have a wealth of knowledge on many aspects of student life, and are concerned not only with your academic success but also your well-being at the University of Mississippi. They are here to help ease your transition to college life.

#### Your role as a student:

As a student at the University of Mississippi, you are required to meet with your academic advisor **at least once** every semester (although you are encouraged to see your advisor anytime you have questions or concerns). It is your responsibility to schedule and honor your advising appointment. In addition, before going to your advising appointment, it is recommended that students do some research regarding their course of study. The best source for this information is the University Catalog, which can be found at [catalog.olemiss.edu](http://catalog.olemiss.edu). We encourage you to develop a list of questions to ask your advisor prior to your appointment.

#### The advising session:

All advising meetings will take place in the advisor's office. During the advising session, the student and the academic advisor will **collaborate** to develop a list of courses for the following semester/term. It is important to note that the ultimate responsibility for making decisions about educational goals and plans rests with you, the student. The advisor will also lift the student's advisor hold and inform him/her of any other holds that would prevent registration (accounts receivable, conduct, health promotion, etc.). The advisor will then hand you a copy of your advising sheet so that you know which courses to register for when your registration window opens. We encourage you to ask your advisor as many questions as you need.
